Challenge

- The manual routine task of creating the excel sheet for all the bank transactions made in a day in a prescribed format
- Daily uploading of the excel sheet onto the portal
- Tallying the opening and closing balance amount with the previous day excel sheet
- Generating, processing, and uploading the Bank Receipt Voucher (BRV)

Solution

- Automating the manual tasks with the help of two AutomationWhiz bots:
 - The First bot to automate the excel sheet creation for the bank transactions in the prescribed format, upload to the portal and tally the opening and closing amount with the previous day excel sheet
 - The second bot to automate the generation of the BRV, process the approved BRV and upload it on the SAP

Outcomes

- Automation accelerated the data processing
- Reduced overall manual data processing time by 2 hours per day
- Accurate tally of the bank statements outcomes
- Reduced efforts
